The council committee on police and the committee on petitions and remonstrances have been called to meet on Friday evening at the city building.

Richard Snobble had a warrant sworn out yesterday before Squire Rogers for Albert Klotz, charging him with assault and threatening to do bodily harm. Both parties live out in the country. The case was compromised out of court.

The council committee on fire department will receive bids for painting the Hook & Ladder company's truck, and for repairing the front of the Chemical company's building on Eleventh street. The specifications can be seen at the city clerk's office.

Mrs. Frank Le Moyne Hupp and Mrs. Flora Williams left Wednesday afternoon for New York, to attend the annual meeting of the Musical Teachers National Association, which convenes at the Waldorf-Astoria hotel. Mrs. Hupp is the vice president of the association for West Virginia.

STRONG ACTION

Immediately Taken Necessary to Insure Reunion Success.

CHAMBER OF COMMERCE TO ACT

UPON THE RAILROAD RATE SITUATION AS SOON AS PRESIDENT QUARRIER RETURNS FROM NEW YORK, PROBABLY—SUCCESS OF THE REUNION, SAYS CAPTAIN RAWLING, HINGES UPON THE RAILROADS GRANTING THE CONCESSION ASKED FOR.

Strong action taken at the earliest possible moment is necessary to insure the success of the Wheeling reunion of the Society of the Army of West Virginia, and unless the railroads are induced to retire from their present position it is not at all unlikely that the reunion will be declared off. In fact, said Chairman Rawling, of the executive committee, "I would favor throwing up the reunion job if the railroads do not treat us with justice."

Continuing, the captain cited an instance that demonstrates clearly that the railroads will be acting unfairly with Wheeling if they persist in giving nothing better than a rate of one fare for the round trip. The instance was the approaching meeting of the Ohio G. A. R. at Mount Vernon. Here is an ordinary state gathering, and the railroads have granted a cent a mile rate, for which the Wheeling committees are contending. For the Wheeling reunion, veterans will come from all over the territory between Philadelphia and the Missouri river, and yet the railroads have decided that Wheeling is not to have as liberal a rate as as is given the Ohio G. A. R. for a meeting that is comparatively local.

Captain Rawling favors holding a meeting of the chamber of commerce and the sending of a strong committee to the meeting of the Joint Passenger committee, to be held on July 13, at either Chicago or New York. He would have this committee empowered to state to the railroad magnates that if they do not concede what is due to Wheeling in all fairness the reunion will be declared off. If such a decision and independent stand is taken it is believed that the passenger people will come down and off their high stilts without ceremony. President Quarrier, of the chamber of commerce, is now in New York, but upon his return it is likely that a meeting of the chamber of commerce will be called to take action upon the lines spoken of here.

MIRACULOUS ESCAPE

Of a Patient in the Ambulance, the Team of Which ran Away on South Market Street Last Evening—Lieutenant Supler Dumped on the Street.

Last evening at about 7:30 o'clock the city ambulance was being driven up Twenty-first street from Main, toward the City hospital, having in it John Allen, a colored man, sick with typhoid fever, who was to be treated at the hospital, when an accident occurred that might have resulted fatally for several persons, but happily nobody was hurt.

A bolt holding the single-tree in position became loosened and the tree struck one of the horses so sharply and heavily that both animals became frightened and dashed up Twenty-first street. Police Lieutenant Max Supler was sitting on the rear seat of the ambulance, and the sudden starting of the vehicle dumped him unceremoniously into the street, without any injury resulting, however. The team continued on its mad career up the street, and turning sharply at Market ran down that thoroughfare, left the street and ran on the sidewalk. Driver Dan Crumbacker being entirely powerless to control the animals. Pedestrians seeing the runaway, lost no time in giving the team the right of way.

It was thought the climax would occur in front of St. Alphonsus church, where the steps project onto the pavement, but the wreck was missed on a narrow margin, and the horses continued along the pavement until brought to a sudden stop just above Menckemeler's drug store. At Twenty-second street, the horses coming into violent contact with a telegraph pole. One of the animals was cut in three places, and a veterinarian placed thirty-six stitches in the wounds.

Almost miraculously, the patient in the ambulance, Mr. Allen, was not injured during the runaway, and was later taken to the hospital.

A LIGHT SENTENCE

Passed on Hahn by Judge Paul Through the Mitigating Circumstances in the Case.

Colonel George B. Caldwell closed the argument for the defense yesterday morning in the case of the state vs. John Hahn, charged with the murder of Oscar Hanlin. His address was a very strong plea for the innocence of the prisoner. Prosecuting Attorney T. J. Parsons followed with a very clear, plain statement of the case, showing up the case of the state in a manner which the jury could not fail to understand. This closed the argument, and after the court had instructed the jury, they were sent to their room at 11:30 a. m. At about 2:30 the jury brought in a verdict of involuntary manslaughter, and the court sentenced Hahn to four months in the county jail. When the sentence was pronounced Hahn dropped into a chair beside his wife and broke down and wept bitterly.

When You Are Shopping

Let us show you our array of \$10 Suits. They're the product of experience. To quote an old saying, "There's plenty of room at the top," but it is because there are so few to occupy it. No house unless it has plenty of ready cash and a large outlet can sell such suits for \$10. They cost them that money. The kind we used to sell at \$15 are our \$10 ones now. That's what perseverance, ready cash and a large outlet has done—cheaper satisfaction—made the good better—every suit in the lot is a living witness to it. Talk about variety—let 'em all toot their horns even if they haven't a fish to sell—every blast helps us—gets folks to thinking—gets 'em to looking—and when you come to see their stock and cure—their handful of \$10 suits and our tableful—as many at \$10 as others have got at every price—the hunt's over—satisfaction is found—and it's here. It don't make any difference to us—you know what a suit costs—there's no reason why it shouldn't fit—it isn't worthy a moment's consideration if it doesn't—and just as perfectly as the highest price in stock. Unless you are satisfied to keep the suit we don't want to keep the money.
